Clown Fish Block **Block of the Month—8 1/2" x 8 1/2"**

This appliqué clown fish block is made out of bright batik fabrics. I have designed the fish to resemble Nemo just in case the eventual owner has a soft spot for Nemo. The backing fabric is blue batik to resemble water.

Feel Free to use your artistic licence with this block. You may want to omit the strips or even have the fins in a single colour. It doesn't matter which way he is facing.

Return your block next month to be in the draw for another lucky winner!
Happy Stitching!
